

## Are You Ready for Agentforce?

Agentforce is the next big step in supporting your employees and customers by creating agents to enhance team productivity. But before you get started, you must ask yourself: *Is my data ready?*

With Trifecta's Agentforce Readiness Assessment, our Salesforce Certified AI Specialists will help evaluate your data to ensure it's ready to power your organization's Agentforce use cases.

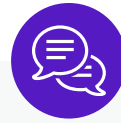

Start strong on your journey with Agentforce by being prepared and well-informed from day one.

### What To Expect

#### Prerequisite Q&A

Our prerequisite information covers basic insights into your Salesforce org - this gives our experts introductory knowledge

#### Org Walkthrough & Use Case Discussion

We will work together to find the use cases for Agentforce - this will help us identify what data will be needed and where it resides

#### Trifecta Performs Analysis

Our Salesforce experts will evaluate your data infrastructure, quality, and accessibility in relation to the chosen use cases

#### Readout Meeting

We will share our findings, results, and any recommendations for next steps on your Agentforce endeavor

**With more than 30 years of success in customer-centric solutions, we have the expertise and guidance needed to help your organization implement Agentforce swiftly and effectively.**
